Election/Restrictions

1. Applicant's election of the invention of Group I, and the species shown in Fig. 3A in the reply filed on 9 December 2004 is acknowledged. Because applicant did not distinctly and specifically point out the supposed errors in the restriction requirement, the election has been treated as an election without traverse (MPEP § 818.03(a)).

2. Claims 6-20 are withdrawn from further consideration pursuant to 37 CFR 1.142(b) as being drawn to a nonelected invention, there being no allowable generic or linking claim. Election was made **without** traverse in the reply filed on 9 December 2004.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

4. This application is in condition for allowance except for the presence of claims 6-20 drawn to inventions non-elected without traverse. Accordingly, claims 6-20 have been cancelled.

6. The following is an examiner’s statement of reasons for allowance: the main reason for the allowance of claim 1 is that the prior art fails to disclose a wheelchair including a propulsion mechanism including a sun gear rigidly mounted to the wheelchair body, a planet gear rotationally linked to the sun gear, a grippable handle rigidly connected to the planet gear, and a drive gear coaxial with the sun gear and rotatably secured to the wheelchair body and linked to one of the wheels.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
